

# **Fire Sprinkler Service Technician**

## **Full job description**

### **Job Overview**

We are seeking a motivated and detail-oriented Fire Sprinkler Technician to join our dynamic team. In this role, you will be responsible for installing, inspecting, maintaining, and repairing fire sprinkler systems across various construction and manufacturing sites. Your expertise will ensure that fire suppression systems operate flawlessly, safeguarding lives and property. This position offers an exciting opportunity to work with a skilled team dedicated to safety, precision, and excellence in fire protection services.

### **Responsibilities**

- Perform installation, inspection, and preventative maintenance on various fire sprinkler systems, including wet, dry, and pre-action systems, in strict accordance with NFPA standards, local, and national fire codes.
- Diagnose, troubleshoot, and repair all issues related to fire sprinkler systems to ensure proper and continuous functioning.
- Conduct regular tests and inspections of systems, documenting all findings accurately.
- Maintain meticulous records of all work performed, including service reports, inspection forms, and repair logs, and submit them promptly to the Service Manager for review.
- Communicate professionally and effectively with clients, providing status updates, technical explanations, and addressing any concerns regarding their fire sprinkler systems.
- Provide training and education to building owners and occupants on the correct operation and ongoing maintenance of their fire sprinkler systems.

### **Skills**

- Minimum of 2 years of proven, hands-on experience in fire sprinkler service.
- Comprehensive knowledge and practical application of NFPA standards and applicable fire codes.
- Demonstrated ability to read and accurately interpret blueprints, schematics, and construction drawings.
- Strong interpersonal, communication, and customer service skills.

## **Fire Sprinkler Service Technician**

- Proven ability to work autonomously with minimal supervision while also excelling as a collaborative team member.
- Possession of current state certification or licensure for a Fire Sprinkler Service Technician is preferred but not required.

Job Type: Full-time

Pay: \$30.00 - \$35.00 per hour

Expected hours: 40 – 50 per week

Benefits:

- On-the-job training
- Professional development assistance

Work Location: In person
